The Journal of Neurology and Psychopathology

VOLUME XIII, 1932-33

INDEX.

INDEX.

A.

ABDERHALDEN, EMIL: *Handbuch der biologischen arbeitsmethoden*, review, 288
Abortifacient [triorthocresyl phosphate poisoning] followed by polyneuritis (J. W. G. ter Braak and R. Carillo), 253
Acid-base equilibrium of the blood. *See* Blood.
ADELSTEIN, LEO J.: Psychosis: its importance as a presenting symptom of brain tumour, 372
Adrenaline injections, emotional effects produced by (Hadley Cantril and William A. Hunt), 85
ADSON, ALFRED W.: Gliomas arising from the region of the cauda equina, 367
Affective disorders, psychogalvanic reactivity of (Örnulv Ödegaard), 181
AHRENS, R. S.: Neurological aspects of primary anæmia, 252
Alcoholic, emergency treatment of the (I. D. Williams), 270
Alcoholism, tactual perception in (Walter Bromberg), 259
ALLENDY, R.: The notion of temperament, 177
ALPERS, B. J.: Syringomyelia with choked disc, 81
Alzheimer's disease (K. Lowenberg and D. Rothschild), 89
Alzheimer's disease and Pick's disease (F. T. Thorpe), 89
Amnesia in relation to crime (J. S. Hopwood and H. K. Snell), 377
Amyoplasia congenita (Wilfred Sheldon), 254
Amyotrophy, syphilitic (R. P. Mackay and George W. Hall), 371
Anæmia, pernicious, mental changes associated with (A. Piney), 127
Anæmia, primary, neurological aspects of (R. S. Ahrens), 252
ANDERSON, E. W.: Sexual life in psychoses associated with childbirth, 373
Aneurysms, arteriovenous, cerebral (F. P. Moersch and J. W. Kernohan), 251
Anticipation, socalled law of, in mental disease (Arthur S. Paterson), 193
APPEL, K. E.: Acid-base equilibrium of the blood in psychotic patients, 262—Ephedrine, circulatory and glycæmic reactions in the psychoses, 263
Arachnoiditis ossificans (L. Puusepp), 257
Argyll Robertson sign and the pupillary fibres of the optic nerve (A. Rizzo), 171
Argyrol injections, lesions produced in brain of rabbits by (David Orr), 157
Arsenical polyneuritis, symptomatology of (G. B. Hassin), 80
ASHBY, W. R. (and R. M. STEWART): Size in mental deficiency, 303
Ataxia, hereditary, anomalies of the skeleton in (U. de Giacomo), 76
ATKINSON, E. MILES: *Intracranial Suppuration*, review, 288
ATKINSON, F. R. B.: *Acromegaly*, review, 185
Atrophy, circumscribed senile. *See* Pick's disease
Auditory imperception, congenital, simulated by partial deafness (E. Mildred Creak), 133
"Aura," so-called human, a psycho-physiological explanation of (D. F. Fraser-Harris), 177

B.

BAMFORD, C. B.: Histological study of a series of cases of acute dementia præcox, 87
BANISTER, H.: Sentiment and social organisation, 83
BARRERA, S. S. (and ARMANDO FERRARO): *Experimental Catalepsy*, review, 283
BAZETT, H. C.—Studies in Sensation: III, Chemical factor in the stimulation of end-organs giving temperature sensations, 235
BEAN, H.: Histological study of a series of cases of acute dementia præcox, 87
BECHTEREV, V. M.: *General Principles of Human Reflexology*, review, 383
BENDER, L.: Corticofugal and association fibres arising from the cortex of the vermis of the cerebellum, 232—Principles of Gestalt in copied form in mentally defective and schizophrenic persons, 261—Treatment of involutional melancholia with ovarian hormone, 270
BENEDEK, L.: *Über die Schadelperkussion*, review, 96
BERMAN, LOUIS: Crime and the endocrine glands, 375
BERRY, RICHARD J. A.: Brain structure in relation to the mind, 97—Mental deficiency, 378
BERTRAND, IVAN (and LUDO VAN BOGAERT): Hæmorrhagic affection of cortico-neostriatal site revealed clinically by acute and fatal chorea, 1
BETZENDAHL, WALTER: *Persönlichkeitsentwicklung und Wahnbildung*, review, 284
BISHOP, G. H.: Nerve degeneration in poliomyelitis, 235
Bismuth therapy, anionic, in neurosyphilis (H. G. Mehrtens and P. S. Pouppirt), 255
Bladder, urinary, presence of branching cells similar to microglia in (F. Visintine), 72
Blastomata, multiple visceral, with hemispheric cerebral sclerosis secondary to meningoencephalitis (P. Ottonello), 239
BLEULER, M.: The problem of heredity among schizophrenics, 179—Inconstancy of the formal structure of the personality, 259
Blood, acid-base equilibrium of, in psychotic patients (K. E. Appel, C. B. Farr, and P. J. Hodes), 262
Blood cholesterol and hyperglycæmic index in manic-depressive psychosis, relationship between (Madeline R. Lockwood), 372
Blood lipase, diastase and esterase in multiple sclerosis (L. A. Crandall and I. S. Cherry), 74.
Blood pressure in schizophrenia (H. Freeman, R. G. Hoskins, and F. H. Sleeper), 263
Boarder, voluntary, treatment of the (Henry L. Wilson), 380
BOK, S. T. (and L. BOUMAN): *Histopathology of the Central Nervous System*, review, 185
BOLSI, D.: Research on the microglia and oligodendroglia, 239
BOQUIEN, YVES (and JEAN TROISIER): *La spirochétose Méningée*, review, 384
BOUMAN, L. (and S. T. BOK): *Histopathology of the Central Nervous System*, review, 185
BOWMAN, KARL M.: Treatment of involutional melancholia with ovarian hormone, 270
BOWMAN, KARL M.: Statistical study of delusions in the manic-depressive psychoses, 85
Brain contusions, Atlanto-occipital evacuative trepanation in (F. Ody), 256
Brain in dementia præcox, histological studies of (C. W. Rand and C. B. Courville), 237
Brain involvement in head injury (W. Ritchie Russell), 249
Brain-problem in relation to weight and form (Henry H. Donaldson), 363
Brain of rabbits, lesions produced in, by the injection of Indian ink and argyrol (David Orr), 157

Brain structure in relation to the mind (Richard J. A. Berry), 97
Brain tumours. *See* Tumours
Brains of paretics, the spirochæte in the nervous system and the inflammatory process in the (A. Mari), 171
BRICKNER, R. M.: Treatment of multiple sclerosis with quinine hydrochloride, 256
BROMBERG, WALTER: Tactual perception in alcoholism, 259
BROUWER, B.: Diagnosis of cerebral tumour, 250
Brown-Séquard paralysis (G. B. Hassin, F. J. Kendrick, and E. J. Connelly), 252
BRUETSCH, WALTER L.: Histopathology of therapeutic (tertian) malaria, 170
Bulbocapnine producing catalepsy. *See* Catalepsy
Bulbocapnine in Catatonia. *See* Catatonia
Bulbocapnine injected intravenously, measurement of the muscular tone in man during the action of (U. de Giacomo), 364
BUSCAINO, V. M.: Genesis of early hypertonia and the Magnus-de-Kleyn reflexes in man, 80—The histopathology of the brain in dementia præcox, 266—Encephalitic and hysterical syndromes, 372

C.

Calcium distribution between blood and cerebrospinal fluid in mental diseases (S. Katzenelbogen and H. Goldsmith), 90
Calcium distribution between blood and fluid and the carbon dioxide content of the blood in epilepsy (S. Katzenelbogen), 241
CAMERON, A. T. (and C. R. GILMOUR): *The Biochemistry of Medicine*, review, 382
CAMERON, D. EWEN: The dehydration method in epilepsy, 82
CANTRIL, HADLEY: Emotional effects produced by the injection of adrenaline, 85
Carbon dioxide mixtures in stupors occurring in psychoses (F. C. d'Elseaux and H. C. Solomon), 373
Carbon dioxide and scopolamine, action of on catalepsy produced by bulbocapnine (A. S. Paterson and C. P. Richter), 365
Cardio-respiratory variations in personality studies (J. A. Larson and G. W. Haney), 258
CARDONA, F.: Method of staining the microglia, 72
CARILLO, R.: Polyneuritis after use of an abortifacient (triorthocresyl phosphate poisoning), 253
CARNIVET, N.: Sexual initiation, 175
CARTER, MARTIN G.: Psychosis: its importance as a presenting symptom of brain tumour, 372
Catalepsy produced by bulbocapnine, action of scopolamine and carbon dioxide on (A. S. Paterson and C. P. Richter), 365
Catatonia in animals: experimental studies of the effect of bulbocapnine and other drugs (George W. Henry), 264
Cerebellum, corticofugal and association fibres arising from the cortex of the vermis of the (L. Bender), 232
Cerebral arteriovenous aneurysms with report of a case (F. P. Moersch and J. W. Kernohan), 251
Cerebral changes in pneumococcus septicæmia (H. M. Zimmerman and H. Yannet), 251
Cerebral circulation, afferent impulses from the blood-vessels of the pia (M. Levine and H. G. Wolff), 234
Cerebral cortex. *See* Cortex
Cerebral cysticercus and modifications of the cerebrospinal fluid (C. Rizzo), 173
Cerebral cysticercus diagnosed during life (C. Rizzo), 368
Cerebral sclerosis. *See* Sclerosis
Cerebral tumour. *See* Tumour
Cerebromacular degeneration (E. D. Macnamara, W. E. Carnegie Dickson, and T. R. Hill), 211
Cerebrospinal fluid, modifications of, and cerebral cysticercus (C. Rizzo), 173
Cerebrospinal fluid in 230 cases of general paralysis after malarial treatment (B. Reid), 223
CHADWICK, MARY: *Adolescent Girlhood*, review, 190—*Nursing Psychological Patients*, review, 284
Cheiralgia paræsthetica (R. Wartenberg), 254
CHERRY, I. S.: Blood lipase, diastase and esterase in multiple sclerosis, 74
Children, perceptions of, and the psychology of form (Richard Meili), 176
CHOR, HERMAN: Nerve degeneration in poliomyelitis, 367
Chorea, Huntington's, convulsive manifestations in (J. Notkin), 247
Circulation, cerebral (M. Levine and H. G. Wolff), 234
Circulatory reactions in the psychoses (K. E. Appel and H. D. Palmer), 263
CLARKE, T. A.: Ear, nose, and throat sepsis in mental disease, 266
CLEMMESEN, CARL: *Inanition and Epilepsie*, review, 189
CLEVELAND, D. A.: Serological study of multiple sclerosis, 74
COHN, HANS (and KURT GOLDSTEIN): *Diagnostik der Hirngeschwulste*, review, 95
COLLIE, SIR JOHN: *Fraud in Medico-legal Practice*, review, 94
COMROE, B. I.: Syringomyelia with choked disc, 81
CONNELLY, E. J.: Brown-Séquard paralysis, 252
COOMBS, HELEN C.: Babinski reversal, cardiovascular reactions, respiratory and pupillary changes during the convulsive and post-convulsive stages of general and experimental epilepsy, 245
CORELLA, R.: Influence of the intake of certain waters on bodily growth and on the genesis of goitres and thyroid dysfunction, 83
Cortex, cerebral, physiology of the (D. Denny-Brown), 52
Cortical centres of the labyrinth (E. Spiegel), 233
Corticofugal and association fibres arising from the cortex of the vermis of the cerebellum (L. Bender), 232
Cortico-neostriatal site, hæmorrhagic affection of revealed clinically by acute and fatal chorea (Ludo Van Bogaert and Ivan Bertrand), 1
Costa's reaction in neuropsychiatry (G. Curti), 183
COSTEFF, HARRY: Eye findings in a group of epileptics, with reference to the mechanical theory of epilepsy, 246
COURVILLE, C. B.: Histological studies of the brain in cases of fatal injury to the head, 237
CRANDALL, L. A.: Blood lipase, diastase, and esterase in multiple sclerosis, 74
Cranial nerves. *See* Nerve
CREAK, E. MILDRED: Case of partial deafness simulating congenital auditory imperception, 133
CREED, R. S. (and others): *Reflex Activity of the Spinal Cord*, review, 286
Crime and amnesia (J. S. Hopwood and H. K. Snell), 377
Crime and delinquency in childhood, prophylaxis in (R. de Saussure), 269
Crime and the endocrine glands (Louis Berman), 375
CURTI, G.: The reaction of Costa in neuropsychiatry, 183
Cyclothymic and schizophrenic cases, reflex response latencies in (J. M. Dorsey, A. A. Mich, and L. E. Travis), 262
Cysticercus, cerebral, and modifications of the cerebrospinal fluid (C. Rizzo), 173
Cysticercus, cerebral, diagnosed during life (C. Rizzo), 368

D.

DAMON, L. A.: Basal metabolic rate in epilepsy, 244
DANIELOPOLU, D.: *Le Système Nerveux de la Vie Végétative*, review, 278

DATTNER, BERNHARD: *Moderne Therapie der Neurosyphilis*, review, 382
DAVISON, CHARLES: Subacute combined degeneration of the spinal cord, 370
Deafness, partial, simulating congenital auditory imperception (E. Mildred Crak), 133
DE GIACOMO, U.: Anomalies of the skeleton in hereditary ataxia, 76—Significance of histological alterations in the small intestine and liver in the syndrome of confusional insanity, 181—Measurement of the muscular tone in man during the action of bulbocapnine injected intravenously, 364
Delinquency in childhood, and crime, prophylaxis in (R. de Saussure), 269
DE LISI, L.: Constant motor phenomenon of normal sleep—physiological hypnic myoclonus, 364
D'ELSEAUX, F. C.: Use of carbon dioxide mixtures in stupors occurring in psychoses, 373
Dementia paralytica, epileptic convulsions of: their relations to sclerosis of the cornu Ammonis (H. H. Merritt), 266
Dementia præcox, acute, histological study of a series of cases of (C. B. Bamford and H. Bean), 87
Dementia præcox, brain in, histopathology of (V. M. Buscaino), 266
Dementia præcox child (Winifred Richmond), 263
Dementia præcox. *See also* Schizophrenia
DENNY-BROWN, D.: The physiology of the cerebral cortex, 52—(and others): *Reflex Activity of the Spinal Cord*, review, 286
Dental problems, the application of psychotherapy to (Bertrand S. Frohman), 178
Dermatomyositis (G. Marinesco, S. Draganesco, and E. Facon), 254
DE SAUSSURE, R.: Prophylaxis of crime and delinquency in childhood, 269
DESOGUS, V.: Lipoidal substances in the hypophysis of normal and decerebrate mammals, 82
DHUNJIBHOY, J. E.: Sulphur treatment of mental diseases: an experimental study in 100 cases, 379
DICKSON, W. E. CARNEGIE (E. D. MACNAMARA and T. R. HILL): Cerebromacular degeneration, 211
Disseminated sclerosis. *See* Sclerosis
DIXON, H. H.: Psychogenic factors in thyrotoxicosis, 260
DONALDSON, HENRY H.: Brain problems in relation to weight and form, 363
DORSEY, J. M.: Reflex response latencies in cyclothymic and schizophrenic cases, 262
DRAGANESCO, ST.: New familial disease characterised by congenital cataract, and an arrest of bodily, nervous and mental growth, 81—Dermatomyositis, 254
Dream content, effect of conscious wish upon (Lowell S. Selling), 371
DÜRKEN, BERNHARD: *Experimental Analysis of Development*, review, 186

E.

Ear, nose, and throat sepsis in mental disease (T. A. Clarke), 266
ECCLES, J. C. (and others): *Reflex Activity of the Spinal Cord*, review, 286
EDWARDS, K. H. R.: Psychological case-study of the amyostatic-akinetic form of encephalitis lethargica, 378
Emotion as impulsion and instinct as orientation (J. C. Whitehorn), 176.
Emotional effects produced by the injection of adrenaline (Hadley Cantril and William A. Hunt), 85
Encephalitic and hysterical syndromes (V. M. Buscaino), 372
Encephalitis, epidemic, syndrome of amyotrophic lateral sclerosis in (A. M. Ornstein), 81
Encephalitis, Epidemic. Second Report by the Matheson Commission, review, 381
Encephalitis lethargica, amyostatic-akinetic form of, psychological study of (K. H. R. Edwards), 378
Encephalography and ventriculography (F. C. Grant), 250
Endarteritis of the small pial vessels, productive-degenerative form of (D. Rothschild and K. Lowenberg), 78
Endocrine glands and crime (Louis Berman), 375
Endocrinopathy, clinical study of psychoses associated with various types of (J. Notkin), 374
Ephedrine, circulatory and glycæmic reactions in the psychoses (K. E. Appel and H. D. Palmer), 263
Epilepsy, basal metabolic rate in (L. A. Damon), 244
Epilepsy, calcium distribution between blood and fluid and the carbon dioxide content of the blood in (S. Katzenelbogen), 241
Epilepsy, the dehydration method in (D. Ewen Cameron), 82
Epilepsy, general, some visceral conditions in, and convulsions of experimental origin (Samuel W. Weingrow), 242
Epilepsy, general and experimental, Babinski reversal, cardiovascular reactions, respiratory and pupillary changes during the convulsive and post-convulsive stages of (J. Notkin, Helen C. Coombs and F. H. Pike), 245
Epilepsy, hæmato-encephalic barrier in, permeability of, as determined by Walter's bromide test (S. Katzenelbogen), 243
Epilepsy, late (E. Krapf), 241
Epilepsy, mechanical theory of, eye findings in a group of epileptics, with reference to (Harry Costeff), 246
Epilepsy and narcolepsy associated with hyperinsulinism (Seale Harris), 369
Epilepsy, the posterior fossa in (G. W. Swift), 240
Epilepsy, sodium chloride and water balance in (F. Proescher and W. S. Thomas), 244
Epilepsy, subcortical, experimental researches on (G. Marinesco, O. Sager and A. Kreindler), 243
Epilepsy and (congenital) syphilis (K. A. Menninger and W. C. Menninger), 171
Epileptic convulsions of dementia paralytica: their relations to sclerosis of the cornu Ammonis (H. H. Merritt), 266
Epileptic reactions in the negro race (Nolan C. Lewis and L. D. Hubbard), 267
Epileptics, blood volume of (Morgan B. Hodskins, Riley H. Guthrie and James Z. Naurison), 75
Epileptics, eye findings in a group of, with reference to the mechanical theory of epilepsy (Harry Costeff), 246
Epithelioma in the squamous cells of the hypophysis (G. Patrassi), 174
ERICKSON, MILTON H.: Grading of patients in mental hospitals as a therapeutic measure, 90—Possible detrimental effects of experimental hypnosis, 378
EWALD, G.: *Biologische und reine Psychologie im Persönlichkeitsaufbau*, review, 278
Extrapyramidal system and manifestations of hyperkinesis (Paolo Ottonello), 172

F.

FACON, E.: Dermatomyositis, 254
Familial disease, a new, characterised by congenital cataract, and an arrest of bodily, nervous and mental growth (G. Marinesco, St. Draganesco and D. Vasiliu), 81
FARR, C. B.: Acid-base equilibrium of the blood in psychotic patients, 262
FERRARO, ARMANDO (and S. S. BARRERA): *Experimental Catalepsy*, review, 283
Fibres, corticofugal. *See* Corticofugal
Filum terminale, intradural, normal histology of (John Watson Harmeier), 363
FINLEY, K. H.: Congenital hypoplasia of the olivopontocerebellar tract, 248

FITTIPALDI, C :—Neurinomata : their association with acromegaly and possible malignancy, 368
Flight surgeon, neuropsychiatric problems of (Eugen G. Reinartz), 376
FRANCESCONI, G. L. : The cranial nerve roots, 231
FRASER-HARRIS, D. F. : A psycho-physiological explanation of the so-called human "aura," 177
FREEMAN, H. : Blood pressure in schizophrenia, 263
FREUD, SIGM. : Libidinal types, 175
FRIEDMAN, E. D. : Head injuries : effects and their appraisal ; III, Encephalographic observations, 79

LIST OF ILLUSTRATIONS

Brain structure in relation to the mind (Richard J. A. Berry), 99
Cerebral sclerosis with degeneration of interfascicular glia (J. G. Greenfield), 293
Cerebromacular degeneration (E. D. Macnamara, W. E. Carnegie Dickson, and T. R. Hill), 214
Hæmorrhagic affection of cortico-neostriatal site (Ludo van Bogaert, and Ivan Bertrand) 4
Lesions produced in the brains of rabbits (David Orr), 158
Lumbosacral meningocele, occult (S. A. Kinnier Wilson and C. P. G. Wakeley), 47
Size in mental deficiency (W. R. Ashby and R. M. Stewart), 305
Spinal block diagnosed by means of lipiodal, (H. H. Moll), 16
Tumours of the brain (H. Houston Merritt and Merrill Moore), 120
